A Warm welcome to the very first edition of iKapaJOL!

What does iKapaJOL Mean?

In most Inguni languages, iKapa means Cape Town and Jol is slang for a great time getting out and about. I'm sure you'll soon discover it couldn't be more apt!

Even locals will rediscover the city anew, as these experiences are chosen by us precisely because most of them are only discovered through word of mouth and are closely guarded "best kept" secrets!

A massive thanks goes out to the generous businesses found in this guide, each offering a quality experience and an enticing offer, thanks for opening your arms in welcome to those locals and international fun seekers alike

On behalf of the iKapaJOL team we believe this is going to be a beneficial experience for all.. Have a JOL!

How To Use And Get The Most Out Of Your iKapaJOL Guide

You hold in your lucky hands a guide that will take you to 100 unique, classic, and often surprising experiences that can be found in the mother city.

Each experience has a special offer that can only be redeemed with the detachable coupon found on that page.

100 experiences and 100 special offers to reward you for getting out there.

One voucher per person, if you can't get to an experience yourself why not give the coupon to friends!

The vouchers are only valid for the special offer depicted on the applicable page and not for any other specials that may be offered by the chosen establishment in conjunction with that of iKapaJol.

We recommend you explore the guide and when something jumps out that fires up your sense of JOL check out the number within the coloured circle on that page. Match your chosen experience with your colour to the map at the back and the number to the index. This will give you all the contact details you'll need including GPS co-ordinates.

The colours represent the areas as follows:

Orange = City and Surrounds. Magenta = Atlantic Seaboard and Hout Bay

Blue = Constantia and Suburbs

Please call to find out if you need to book!

Please let the venue know that you are a voucher holder when you arrive at your experience.
