

## Caravan EXPLORER I

Exploring the beauty of our country has become a national pastime. As the pressures of city life increase more and more people are seeking FREEDOM and SPACE.

That is why when you are on roads less travelled you will encounter the Xplorer. You have the freedom to go where few others can, yet have superb luxury and comfort when you arrive. A roller bearing slide out kitchen with 2 burner stove, an 80 litre fridge/ freezer and a kitchen sink with hot and cold running water.

With doors on both sides you can either step out the back door into your shower cubicle or sit in the shade of the rally awning (not on the pictures visible). There are 4 adult chairs (and a kids chair) and a table for under the rally awning. The kitchen is equipped with cutlery and pots for 5 people.

The caravan sleeps 4 adults and 1 child or 2 adults and 3 children: A double bed that converts into a king size bed through opening a flap (sleeps 2 adults or 3 children). A 4 seater dinette with table that converts easily into a king size bed (sleeps 2 adults or 3 children). An outdoor bathroom basin with running water, a handheld shower and cupboard space aplenty.
